

STUDENT RECORDS NOTICE OF RIGHT TO ACCESS AND PRIVACY OF RECORDS

To all Residents of Dickinson-Iron Intermediate School District:

This notice is presented in Compliance with the Family Education Rights and Privacy Act of 1974, Section 99.6, Annual Notification of Rights.

The Act and rules grant the right to consent divulging of records, to see records, and to challenge records to parents of a minor student and to students who are at least 18 years old. But the parents of the student who is 18 or older cannot be allowed access to the records of the student unless the student is a dependent for income tax purposes. Such a parent cannot exercise the right of consent to access by others or challenge the records. In the case of divorced or separated parents of a minor student, the school may rely on the word of either parent unless given proof of a court order of agreement limiting the rights of either parent.

Parents and/or students eligible for disclosure have the right to have the administration hear evidence that any part of the record is inaccurate, misleading or violates a student's privacy or other rights, to have the record changed if the administration agrees with the applicant's evidence and to insert an explanation in the record if the administration disagrees.

When information regarding more than one child appears on any printout, list, or roster, the parent requesting to review has access privilege to only those students under his/her guardianship.

COMPLIANCE WITH FEDERAL LAW

It shall be the policy of the Dickinson-Iron ISD not to discriminate in any educational programs on the basis of religion, race, color, age, national origin, gender or disability. In addition, arrangements can be made to ensure that the lack of English language skills is not a barrier to admission or participation. A summary of grievance procedures for non-discrimination for Title VI, IX, Section 504, ADA and the Age Discrimination Act of 1975 are as follows:

- a) Organized Intermediate School District employees follow specific guidelines and procedures provided in their contract.
- b) Students and other persons not covered under a contract who believe they have a valid basis for grievance, shall discuss the grievance informally and on a verbal basis with the local Civil Rights Coordinator, immediate supervisor or school principal, who shall, in turn, investigate the complaint and reply with an answer to the complainant within five (5) business days. The complainant may initiate formal procedures according to the following steps.

Step 1. A written statement of the grievance signed by the complainant shall be submitted to the Local Civil Rights Coordinator, immediate supervisor, or school principal within five (5) business days of receipt of answers to the informal complaint. The coordinator, supervisor, or principal shall further investigate the matters of grievance and reply in writing to the complainant within five (5) days.

Step 2. A complainant wishing to appeal the decision of the Local Civil Rights Coordinator, supervisor, or principal may submit a signed statement of appeal to the Superintendent of the Intermediate School District within five (5) business days after receipt of the Coordinator's response. The superintendent shall meet with all parties involved, formulate a conclusion, and respond in writing to the complainant within ten (10) business days.

Step 3. If unsatisfied, the complainant may appeal through a signed, written statement to the Intermediate School District's Board of Education within five (5) business days of receiving the superintendent's response in step two. In an attempt to resolve the grievance, the Board of Education shall meet with the concerned parties and their representative within forty (40) days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) days of this meeting.

DRUG FREE SCHOOLS

In accordance with Federal law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs by students on school grounds, in school or school approved vehicles, or at any school related event. Drugs include any alcoholic beverage, anabolic steroid, dangerous controlled substance as defined by State statute, or substance that could be considered a "look-a-like" controlled substance. Compliance with this policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action, in accordance with due process and as specified in the student handbooks, up to and including expulsion from school. When required by State law, the district will also notify law enforcement officials. Students and their parents should contact their school official or counseling office whenever such help is needed.
